## 5. Log No. Summary

This chapter summarises all software issues that have been addressed by this fix.

For issues raised by users, Bentley Technical Support Group (TSG) Service Request Numbers are cross referenced where applicable.

<i>Details</i>	<i>Internal Reference</i>	<i>TSG Service Request</i>
When a search for a particular asset type is returning a single asset, an error - 'FRM-40735: WHEN-NEW-RECORD-INSTANCE trigger raised unhandled exception ORA-06502.' – is thrown by application.	D-125950	8001546598
The issue was investigated and found to occur in case of assets for which Primary Key is a character string. After selecting an asset, Primary Key was passed for checking inventory theme, but the function is expecting Network Id which is a numeric value.	TK-269787
