Log No. Summary

This chapter summarises all software changes that have been made in this release.

These changes are derived from the following sources,

- Issues raised by Customers via Bentley Support
- Issues raised internally by Bentley

Issues

Internal Task ID	Issue	Support Log(s)
0112033	The module performs an erroneous join in the code responsible for adding elements into existing groups which can lead to an attempt to create more rows than expected. this generally fails with the error "Value already added".
