Log No. Summary

This chapter summarises all software changes that have been made in this release.

These changes are derived from the following sources,

- Issues raised by Customers via Exor Support
- Issues raised internally by Exor

Issues

Internal Task ID	Issue	Support Log(s)
0110687	Resequence - A new Product Option SDORESEQ has been introduced to control the way in which shapes are maintained when resequencing a route. 1. "H" - Reshape (create new shape) 2. "U" - Reshape (updated with no history) 3. "N" - Do nothing with shape The default is "H" to maintain existing functionality, and if the option is unset, or set to any other value it will default to "H".	729255
