Log No. Summary

This chapter summarises all software changes that have been made in this release.

These changes are derived from the following sources,

- Issues raised by Customers via Exor Support
- Issues raised internally by Exor

Issues

Internal Task ID	Issue	Support Log(s)
0110847	Previously a number of network edits would only be available to unrestricted users. The security has been modified to allow restricted users that can see the entire network to make edits also. This included areas such as Closing Elements, Unclosing Elements, Reclassify, Closing of Group of Group and Group of Sections.	729683 8001015580 8001028732 8001028733
